

## Mastery Teaching Workshop with John D. Mays

Lesson 3: The Cram-  
Pass-Forget Cycle and  
Its Consequences (Pt.  
3)

### Outline:

#### Education As It Exists Today

- Collapse of Education
  - Lack of Learning Gains
  - Crushed Spirits
    - This feeds into anger and despair, which feeds into the collapse of education.
- Consequences for higher education:
  - Students take remedial writing and math courses.
  - College professors cannot do their job because students lack knowledge.
- Collapse of work ethic
  - Social factors undercut education.
  - This places severe limits on what we can lead students achieve.
- An orchestra that won't practice will never amount to much.
