

Mastery Teaching Workshop with John D. Mays

Lesson 6: Testimonials and Stories

Outline:

Testimonials

- Teacher: “I was astonished – my students remembered everything.”
 - At the end of the school year, nobody needed to study for the final exam.
- Former student in college:
 - “Because of the way my 9th grade science class was taught, I still remembered a lot of it – and it saved my butt.”
- Student who was content with a C:
 - The student brought the grade back into the passing range in the fall, but in the spring semester her grade continued to climb.
 - On the final exam, she scored a 93%.
 - At the commencement service, the mother and father said that the class changed their daughter’s life. “The class changed our daughter’s life. She learned how to study, and now she likes school for the first time and wants to work hard.”
